PROFESSIONAL SUMMARY

Result-oriented Senior Strategy and Operations Manager and strategic partner to executive leadership, with an MBA in International Business. Specializes in cross-functional analysis across Finance, Sales, and Marketing, identifying structural bottlenecks and resolving them through stronger processes. Serves as a dedicated right hand to the CEO, translating complex data into clear decisions that have doubled company sales. Focused on driving productivity and profitability through workflow optimization, financial oversight, and AI-enabled operations.

PROFESSIONAL EXPERIENCE

Senior Strategy and Operations Manager

Rapid Innovation & [Ruh.ai](https://www.ruh.ai)

Idaho, US (Remote)
January 2026 – Present

- **AI & Workflow Automation:** Designed and built four production AI agents that automate core business operations: a Podcast Agent (automated host discovery and outreach via iTunes API and RSS), an Investor Agent (investor profile evaluation and personalized outreach drafting), an Enterprise Tracker (real-time sales pipeline visibility), and a Zoho CRM Agent (integrating Google Sheets, Zoho CRM, Slack, and email).
- **Investor Relations:** Manage investor outreach and pipeline tracking in support of executive fundraising, researching and qualifying investor profiles and crafting personalized outreach to engage prospective investors.
- **Revenue Scaling:** Engineered the operational framework that doubled total sales revenue through optimized funnel management and sales–marketing alignment.
- **Operational Analysis:** Audit cross-departmental workflows to identify structural bottlenecks and implement data-driven process improvements.
- **P&L & Financial Oversight:** Manage Profit & Loss (P&L) statements to reduce operational waste and ensure high ROI on departmental spending.
- **Process Engineering:** Designed and implemented scalable SOPs across Finance, Sales, and Marketing to eliminate silos and improve resource productivity.
- **Strategic Advisory:** Serve as the executive right hand to the CEO, translating complex operational data into actionable growth strategies and supporting high-level decision-making.
- **Performance Governance:** Established KPIs and automated reporting systems to monitor and drive real-time productivity across all teams.

PR Strategy Lead

Rapid Innovation

Idaho, US (Remote)
August 2024 – January 2026
